

REMARKS

I. Statement Re: Examiner Interview

Applicants confirm the substance of the Examiner's Interview Summary mailed with the Notice of Allowance on September 30, 2010. Applicants note that the amended independent claims recite a dispersed pigmented ink printed with a drop-on-demand printer to form a high resolution image. This claim is not intended to import the limitations of a specific pigmented ink identified in the specification into the claims, but rather refers to any dispersed pigmented inks that can be printed with the claimed drop-on-demand printer to form the claimed high resolution images.

II. Amendment After Allowance

Upon review of the Examiner's Amendment, Applicants have identified two instances where the word --custom-- should be inserted before the word "image" for consistency. Applicants respectfully submit that the foregoing Amendment is directed to formal matters only and respectfully request that the amendment be entered.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should be directed to our address given below.

Respectfully submitted,

/Raymond R. Mandra/
